

AUDIO/VIDEO REQUIREMENTS

Ricardo Cabete's goal is to deliver the absolute best presentation possible! He is easy-to-work-with and will be as flexible as possible in working out details on site. What follows are the general requirements necessary to make Ricardo's presentation and your event amazing.

COMPUTER, PROJECTOR AND SCREEN

Ricardo's entire presentation is presented from his computer using a 16:9 display ratio. Please also provide a small draped table for Ricardo to place his laptop and organize his materials on. Ricardo needs to have his computer on stage with him on one side of the stage.

If you absolutely have to have Ricardo's presentation, be controlled from backstage, please provide him a clicker.

A large computer projector screen, raised as high as possible off to the side of the main stage.

Split Screen: If using two, large screen monitors and projecting Ricardo's image on the screen during his presentation, split screens are preferred – with one screen projecting live camera feed and the second screen showing Ricardo's PowerPoint presentation.

MICROPHONE, AUDIO AND LIGHTS

A freedom microphone headset is preferred (wireless, hands free).

Please provide a second, hand held, wireless microphone for participants.

Sound from the laptop to the speakers.

Speakers large and powerful enough for the room size.

The room should be either fully or almost fully lit to maintain a high energy level.

Please make sure there is lighting directly on the stage or riser location even in small break-out rooms. If you can't see Ricardo's face from the back of the room, please light.

Ricardo prefers to have a confidence monitor.

Ricardo must have the ability to do an audio/visual test no fewer than 1 hour before taking the stage.

Beverage:

Please provide a bottle of still spring water and a glass for Ricardo.

(Room temperature)
