We immediately went to work on new social media strategy for PhillyTrib.com based on what we heard from Crystal's workshop. After 8 months of activity, we've organically quadrupled our followers on Twitter and our likes on Facebook. PhillyTrib.com has reported a 61% increase in average unique visits per month and a 41% increase in average total page views per month. Now, that's value!

WHAT CLIENTS HAVE TO SAY ABOUT VIRTUAL PROGRAMS

That was the most substantial and interactive webinars we've had. The lightning round you suggested brought fun and excitement, and our sponsors were thankful and happy to get some sunshine. Please let us know if there is anything else you offer. We love you!

-V.G., ASSOCIATE, EVENTS, STRUCTURED FINANCE ASSOCIATION

Crystal Washington is without a doubt the most entertaining and dynamic speaker and tech strategist for a virtual or in-person event. We hired Crystal prior to moving our 22nd annual conference to a fully virtual experience and she easily and quickly worked with us to bring a fun, virtual experience to our attendees. Crystal was funny, easy to connect with (even virtually) and extremely engaging throughout her keynote address. She spoke on the future of tech, made it seem so much less intimidating for our corporate women, and kept the audience laughing the entire time. Highly, highly recommend.

-A.H., DIRECTOR, NWA BUSINESS WOMEN'S CONFERENCE

It has been a pleasure for IHRSA to work with Crystal Washington. She tailored her presentation to fit the fitness industry, weaving her expertise into relevant, tangible takeaways for our virtual event attendees, and gave us a great short video for social media to help promote her talk. She even rented a professional stage for the virtual event and created interactive polling questions within the pre-recorded session. Crystal is a friendly, thorough, and energetic speaker. She is sure to please!
