"Lorne, I want to personally thank you ... The crucial lessons you shared in your presentations added real value to our IPM conferences, Excellence Mindset and out of the box thinking... You made each session so relevant to our world. Your delivery is professional, entertaining and inspiring – every time... absolutely outstanding. Whenever I talk to IPM delegates, the 'lessons that Big Cat guy spoke on' is one thing they all one thing they all really remember and still refer to."

**Dale Crossman, NASA, Florida, USA**

"Your presentation was brilliant, Lorne. In my job, I hear a lot of motivational speakers and much of it is a rehash of other presentations or literature. This was different..... Pure, base animal behaviours captured through tireless detailed observation and then expertly translated into our world of human beings in the workplace. An intellectual triumph."

**Mark Suddaby, Tesco Stores, London, UK**

" ...I was struck by your powerful message that can benefit all of us in today's world of chaos and change. Goose-bumps stuff! We immediately implemented your lessons around teamwork and change and are already noticing a huge difference. Thank you, Lorne. You were remarkable."

**Carol Halling, AT&T, USA**

"The standing ovation said it all. You have something rich and powerful in your Bushveld Lessons. Thank you for your incredible Thriving in a Wild World presentation which you expertly fit right in line with our conference. I know your unforgettable lessons will really help us for our important year ahead. The animal parables you used were a powerful reminder of key success and business principles and your amazing stories and photos were so apt. Your paralleling the animals in the African Bush to the corporate jungle is a provocative and exciting approach... absolutely unique and fascinating."
