SIGNATURE PRESENTATION

YOUR POWER IS IN YOUR PERSPECTIVE

As much emphasis as society puts on trying to establish a "stress-free" lifestyle, how much clarity do we have around what stress is and what is ultimately within our control? In his signature presentation, Ramsey Bergeron creates awareness around how people react vs respond to "stressful" situations and provides tools to view things in a more empowering light.

A natural born storyteller, Ramsey uses examples from his life (including dropping out of an Ironman race, a 10-day silent meditation experience, and the loss of his father and best friend) to illustrate that it's not what happens to us, but how we react that determines our legacy. He connects to his audience using motivation, humor, and vulnerability and empowers them to find the Power in Their Perspective.

KEY TAKEAWAYS:

HOW YOU SHOW UP IS MORE IMPORTANT THAN WHAT YOU KNOW

HOW TO STOP BEING ON AUTOPILOT AND TAKE CONSCIOUS CONTROL OVER YOUR LIFE

IT'S NOT WHAT HAPPENS TO YOU BUT HOW YOU RESPOND

HOW TO SHIFT YOUR PERSPECTIVE IN ANY SITUATION

SHARING THEIR PERSPECTIVE...

"I found Ramsey Bergeron to be one of the most engaging speakers I've heard in a very long time.

He starts engaging with the audience at the lunch table making his presentation meaningful & memorable reminding us that we all have less than perfect situations happening almost every day, but it is all about how we choose to see it & respond rather than react.

The response from many who attended stated he was one of the highlights of the day & they would take his message with them not just in the workplace, but in their home & community."

-Chenise Blalock, Executive Director, Hawaii Independant Insurance Agents Assoc.

"A genuine individual, Ramsey did an incredible job motivated our team. His message of self compassion helped many people as evident from the survey responses we received afterwards. Your Power is in Your Perspective is a talk many of us need right now.

Thanks, Ramsey."
