

SECURITY

Hardware, Software, and Processes For Protecting Your Most Valuable Asset: Your Data

Presented by **GENE MARKS**

Currently a \$1.5 trillion market, the cyber crime economy continues to grow. Is your business prepared with the security it needs to protect against a cyber attack? In 2024, the workforce is more virtual than ever, making cybersecurity a priority for every business in the years to come.

Join nationally recognized technology columnist for Forbes, best-selling author, and technology consultant Gene Marks for a fast paced, entertaining and data filled presentation where he will share with you advice, lessons and actions to position your company for security in the years to come. **During this lively presentation Gene will cover the following topics:**

- ✓ A look at how cybersecurity has changed during the pandemic and why cyber attacks are increasingly on the rise.
- ✓ The biggest and latest threats in 2024 that business owners are facing in this new hybrid, virtual world such as ransomware, phishing/SMiShing, Internet of Things, and reputation implications.
- ✓ How business owners can protect themselves, their business, and employees through training, security software, password management, multi-factor authentication, backups, VPN, managed services providers, and operating system upgrades.
- ✓ The importance of employee training: The biggest cause of data breaches and malware attacks is employee error. And the biggest reason why so many employees are making errors is because they're not satisfactorily trained.
- ✓ The new and latest software technologies that your business can begin implementing and investing in today to ensure security for your entire business for the future.
- ✓ Workspace collaboration tools to migrate and manage all your business data in one secure place and more.

GENE MARKS

AUTHOR. COLUMNIST. KEYNOTE SPEAKER. BUSINESS ADVISOR.

A past columnist for both The New York Times and The Washington Post, Gene now writes regularly for The Guardian, The Hill, Forbes, The Philadelphia Inquirer, The Washington Times and The Chicago Daily Herald.

Gene also hosts two very popular podcasts: Thrive and Small Biz Ahead where he interviews politicians, economists, policy makers, celebrities and entrepreneurs that impact business.

Gene has written 5 books on business management, specifically geared towards small and medium sized companies. His most recent is *Want More Cash?: 100+ Ideas And Strategies For Increasing Your Company's Cash Flow This Year*.

Nationally, Gene appears regularly on Fox Business, MSNBC, as well as CBS Eye on the World with John Batchelor and SiriusXM's Wharton Business Channel where he talks about the financial, economic and technology issues that affect business leaders today.

Gene owns and operates the Marks Group PC, a highly successful ten-person firm that provides technology and consulting services to small and medium sized businesses.

Prior to starting the Marks Group PC, Gene, a Certified Public Accountant, spent nine years in the entrepreneurial services arm of the international consulting firm KPMG in Philadelphia where he was a Senior Manager.

Through his keynotes and breakout sessions, Gene helps business owners, executives and managers understand the political, economic and technological trends that will affect their companies and—most importantly—the actions they can take to continue to grow and profit.

TESTIMONIALS

👍 "I finally got to hear Gene speak! This was at our National meeting in Orlando. **He is AMAZING!** Our builders loved him and just everything he had to say. Unfortunately, I only caught the last 15 mins or so of his speech due to working at the event for the most part. But just from what I heard **I was "wowed" to say the least.** He is truly amazing at what he does." — *Sylvia Gonzalez, Sales & Marketing Administrator, Nucor Building Systems*

👍 "Good morning, **Gene, without a doubt, your presentation was the best closing session I have ever attended.** I know you are doing the kickoff for Symposium and I'm sure I will be saying the same for the kickoff session. Somehow, you managed to make all the tough news entertaining. It was a master class on presenting." — *Linda Dodd, Learning Specialist, North Carolina Association of CPAs*

👍 "In a word.... **WOW! Gene absolutely delivered.** He was spot on for our small business members. He packed a lot into 45 minutes and left everyone with something to take away. People were taking pictures of his slides during his presentation. The conversations about his keynote continued throughout the day. People said they emailed him right after he got off stage. Others mentioned that they were emailing their own accountants to find out if the advice he was giving could help them. They found out that they were entitled to tax relief or grants that would basically offset their price of attending our show. **That is a tremendous value for our members. We could not be happier. He was fantastic.**" — *Mike Adamson, President & CEO The Aircraft Electronics Association*

👍 "Gene, I would say in my 30 years of attending presentations, yours was **THE MOST: Valuable, relevant, properly paced, perfect amount of info;** not too much, but enough, excellent humor, and **perfectly executed presentation I have experienced.**" — *Jill Keim, VP Relationship Manager, First Merchants Bank*
