

# AI Ignition Workshop

“Fast Track your business to gain a competitive edge with AI “

*Feeling left behind by the AI revolution?  
Unsure where to start or how to make AI work for your business?*

In this one-day intensive workshop, renowned AI expert Brett StClair will leverage his 15-years of experience to ignite your businesses AI journey.

## What to expect from this 6 hour intense workshop:

- **Uncover the best place to start your AI Journey:** Discover where AI can deliver maximum impact for your business. Leverage Brett's battle-tested strategies to bypass common challenges and accelerate your progress.
- **Fast-Track AI Adoption:** In a collaborative workshop setting, Brett will work with you and your team to set up the ideal environment and tools using his proven formulas and in the workshop transform a business process with AI. This repeatable framework ensures consistent, scalable AI implementation across your entire organization.
- **Unlock 10X Productivity:** Go beyond implementation. Learn how to foster team adoption and unlock a 10x productivity boost within months. Brett will provide practical tools and strategies to measure adoption and track progress.
- **AI for Everyone:** Demystify AI. Gain a clear understanding of its potential and limitations. Explore how to use AI responsibly and equip your team with the skills needed to drive business growth.

**Don't wait! Ignite your AI journey with Brett StClair's proven framework. Register now and take your business to the next level!**

By the end of this workshop, you will:

- Identify the most impactful AI applications for your specific business process.
- Develop a clear roadmap for successful AI deployment, saving valuable time and resources.
- Master the repeatable formula to implement and adopt AI responsibly in days, not years.
- Leverage the right tools to cost-effectively achieve your AI goals with minimal disruption.
- Track your progress with powerful dashboards to maximize team adoption and measure success.
